Heavy Duty Wood Screw Floor Protection Felt Pads

For FLOOR PROTECTION, these 3/8" thick beige polyester pads offer the best durability for use with tables, chairs or heavy furniture. They have a black rubber backing.

Typical applications are patio furniture, bookcases, chests of drawers, entertainment centers, file cabinets, refrigerators, stoves, washing machines, sofas, beds, tables, chairs, desks, stools, appliances, exercise equipment, office partitions, etc.

IEC's wood screw felt pads, felt nail glides, threaded felt glides or teflon sliders are best for tile floors since the adhesive backed felt pads can get knocked off. For sled based tubular leg chairs, the hexagon shaped "felt wrap" will adhere to the rod or tubing. We also offer plastic "snap-on" sled glides, with or without felt strips.
